| Approval OF STATE ENGINEER |
| This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the |
| following limitations and conditions: This permit to change the point of diversion |
| artina de la companya de la company |
| and place of use of the waters of an underground source as heretofore |
| granted under Permit 21719 is issued subject to the terms and condi- |
| tions imposed in said Permit 21719 and with the understanding that no |
| other rights on the source will be affected by the change proposed |
| herein. The well shall be equipped with a 2-inch opening, an air line |
| and a weir or other type of measuring device at or near the well to |
| facilitate the measurement and control of the water. If well is flowing |
| a valve must be installed and maintained to prevent waste. The State |
| reserves the right to regulate the use of the water under this proposed |
| change at any and all times. |
| The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not |
| to exceed 4-0 cubic feet per second, but not to exceed a |
| yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or |
| Actual construction work shall begin on or before July 11, 1967 |
| manufaction of the state of the companies of the companies are the companies of the compani |
| Proof of commencement of work shall be filed before August 11, 1967 |
| Work must be prosecuted with reasonable diligence and be completed on or before July 11, 1967 |
| Proof of completion of work shall be filed before. August 11, 1967 |
| Application of water to beneficial use shall be made on or before July 11, 1970 |
| Proof of the application of water to beneficial use shall be filed on or before August 11, 1970. |
| Map in support of proof of beneficial use shall be filed on or before August 11. 1970. |
